

# Base station power charging module

What is a baseus charging station?

Baseus charging station adopts digital control technology with a master chip to detect malfunctions like overload, over-voltage, over-current, short circuit, etc., and actively cuts the power off, protecting your devices and ensuring charging safety.

What is a built-in charging station & power strip?

The built-in cable helps to maintain a tidy workspace in both office and home settings. The LCD display allows you to monitor the charging status in real time. Transform your workspace with this 8-in-1 charging station and power strip. Supports Qi2 certified 15W wireless charging and PD3.0 67W-supported wired charging via USB-C port.

What is a baselyn timer charging station?

This station offers secure wireless charging with built-in overheating protection and power-sharing features. Multi-Device Charging Station: The BaseLynx 2.0 Vert, with three USB-C PD charger ports and 60W total output, uses power-sharing technology to optimally charge your Apple iPhone, iPad, Galaxy, and other Type-C Android devices simultaneously.

How does the baselyn timer Charger work?

Multi-Device Charging Station: The BaseLynx 2.0 Vert, with three USB-C PD charger ports and 60W total output, uses power-sharing technology to optimally charge your Apple iPhone, iPad, Galaxy, and other Type-C Android devices simultaneously. It intelligently adjusts charging speeds to ensure each device is powered safely and efficiently.

What is a qi2 8-in-1 charging station & power strip?

Transform your workspace with this 8-in-1 charging station and power strip. Supports Qi2 certified 15W wireless charging and PD3.0 67W-supported wired charging via USB-C port. With a thickness of only 0.67 inches, the ultra-slim design not only saves space but also makes it ideal for travel.

What is a baselyn timer wireless charger?

With its single AC power cable powering your system, BaseLynx takes only one power outlet and eliminates the tangle of wires gathering dust that can usually be found at charging spots. All Scosche wireless chargers are Qi certified by the Wireless Power Consortium (WPC) and have advanced safety features such as Foreign Object Detection (FOD).
