

Solar PV Module Shipment Ranking

What are the solar module shipment rankings for the first half of 2024?

The solar module shipment rankings for the first half of 2024 have been announced by Taiwan-based PV InfoLink. The rankings are as follows: The top 10 PV module manufacturers shipped a total of 226 GW, with the leading four companies contributing to 63% of this volume, highlighting a growing oligopoly in the solar panel industry.

Which solar module shipments will be fierce in 2024?

Competition for third and fourth place in the global module shipments list will be fierce in 2024. According to Trina Solar, its shipments of 50.5GW in the first three quarters ranked fourth in the world, slightly less than LONGi Green's 51.23GW, with a difference of only 0.83GW between the two.

Which manufacturers ship N-type solar modules?

N-type modules accounted for the majority of shipments from several top-tier manufacturers. Jinko Solar, the top global shipper, reported that over 87% of its 2024 shipments were N-type. However, TOPCon remained the leading advanced technology, with average conversion efficiencies exceeding 24%.

Who makes the most solar modules in the world?

Jinko Solar, JA Solar, LONGi and Trina Solar remain in the top four in terms of module shipments. Tongwei currently ranks fifth. Tongwei started manufacturing solar modules in August 2022. It was ranked 8th in the world that year, with shipments of 7.94GW. It then ranked 6th with 31.11GW, and 5th in the first half of 2024 with 18.67GW.

Who makes the best solar modules in 2022?

TrendForce has ranked the top six module manufacturers by shipment volume in 2022, with Longi topping the list, followed by Trina Solar and Jinko Solar. JA Solar, Canadian Solar, and Risen Energy rounded out the top six, in a year dominated by large-format modules.

Which PV modules dominated the market in the first half of 2024?

In the first half of 2024, n-type crystalline silicon TOPCon PV modules dominated the market with a 70% share, while PERC PV modules saw their share decline to 27-28%.

In the dynamic world of solar energy, 2023 proved to be a noteworthy year for the top solar module manufacturers. The recently unveiled shipment rankings shed light on the ...

Chinese PV module manufacturers' shipment ranking and module mainstream size In 2024, PV module manufacturers are increasing the size of their cells (wafers) and ...

The top 10 PV module manufacturers shipped a total of 226 GW, with the leading four companies

Solar PV Module Shipment Ranking

contributing to 63% of this volume, ...

On February 18, PV InfoLink announced the 2024 global PV module shipment rankings, with Tongwei securing a spot in the global Top 5 for the second consecutive year. According to ...

PVTIME - In terms of shipments in the first three quarters of 2024, there should be no suspense in the top 10 list of global PV module shipments, ...

This report is an extended Module manufacturer ranking report that provides insights and information not only on the top 10 suppliers but for all 36 ...

According to InfoLink's statistics for 2024, the top ten shipped around 502 GW of modules, up 22% YoY, showing that the annual growth rate has begun to narrow, as ...

The top 10 PV module manufacturers shipped a total of 226 GW, with the leading four companies contributing to 63% of this volume, highlighting a growing oligopoly in the solar ...

According to InfoLink's research, global PV module production reached about 640 GW in 2024. Calculations show that the top five encapsulant suppliers accounted for over 75% ...

The top five shipment manufacturers in 2022 are Longi, Jinko Solar, Trina Solar, JA Solar, and Canadian Solar. Although Longi declined to ...

The leading crystalline silicon PV manufacturers have shipped a record 500GW of modules in 2024, according to a report from Wood Mackenzie.

PVTIME - In terms of shipments in the first three quarters of 2024, there should be no suspense in the top 10 list of global PV module shipments, with Jinko Solar now leading JA ...

TrendForce has ranked the top six module manufacturers by shipment volume in 2022, with Longi topping the list, followed by Trina Solar and JinkoSolar. JA Solar, Canadian ...

Explore the top solar panel manufacturers worldwide with Sinovoltaics' 1st Edition 2025 Ranking Report. Gain free access to comprehensive rankings of over 70 PV module manufacturers, 30 ...

4 days ago; PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report ...

Solar panels (photovoltaic modules) are known as a symbol of solar power plants, but the general public may not be familiar with the top and leading panel manufacturers. Similarly, even ...
